Job Situations praise: Caleb Amos was hired this week by the Dialysis Clinic of Albany on Jefferson.

Our Lord described the true status of the church in the world as sheep among wolves. We try to tone down that vivid contrast, but Dr. G. Campbell Morgan said, "The world hates Christian people if it sees Christ in in them." It will tolerate the watered-down compromise of the church with the world found in modern Christianity, but it hates Christ and will hate us. The only way for the church to escape hatred and hostility is to secularize the church and conform to this age; but if we escape hatred and hostility that way, we only invite scorn, for the world has no respect for compromising Christian. A sheep trying to act like a wolf is a ridiculous sight to behold.
