The **Albany Rescue Mission** has a recurring need for many items including: men's and women's new underwear, socks, disposable razors, bath soap, wash cloths, towels, alcohol free after-shave and mouthwash, spray deodorant, shampoo, canned goods, twin sheets, diapers, toothbrushes, toothpaste, bath tissue, napkins, nail clippers, laundry detergent, dishwashing soap, and pot scrubbers. Items that cannot be used by the mission can probably be used to stock the thrift store.

Some misguided Christians feel that they must preserve harmony at any cost, so they do everything possible to reduce friction. They should remember that there is no friction in a machine that has been shut down for the night. Turn off the power, and you will have no problem with moving parts. Also remember that there is a human society where there are no problems—the cemetery. The dead have no difference of opinion. They generate no heat, because they have no energy and no motion. But their penalty is sterility and complete lack of achievement. What then is the conclusion of the matter? That problems are the price of progress, that friction is the concomitant of motion, that a live and expanding church body will have a certain quota of difficulties as result of its life and activity. A Spirit-filled church will invite the anger of the enemy!
